Ovarian Tissue Cryopreservation / Transplantation for Social Reasons: Between ("Good") Medicalization and Medical Treatment.

Published On: April 24, 2017 | Pages: 009 - 023

Author(s): Voultsos P*

Ovarian tissue cryopreservation / transplantation (OTC/OTT) has recently been considered as a well-established rather than an experimental method (at least adopting pragmatic optimism) and turned into a realistic option for a healthy woman needing to delay her childbearing and defer her menopause. ...
